

Bug Report

Project Name: Foundations - Assessment 6, "Duel Duo"
Manual testing, Step 2

Reported By: David Lay
Date: 10/10/23

Bug#1

Summary:

Wins/Losses not reset

Description:

After gameplay, reloading the web browser does not reset the wins nor the losses.

Steps to Reproduce:

1. Play a game:
 - a. Click "Draw"
 - b. Click "Add to Duo" on a bot card
 - c. Click "Add to Duo" on a bot card
 - d. Click "Duel"
2. Reload web page

Expected Result:

Wins and losses that have accrued during consecutive game play should return to 0

Actual Result:

Win/loss values remain.

Bug#2

Summary:

"See All Bots" broken

Description:

Clicking the "See All bots" button has no effect. A request is made, but nothing returns.

Steps to Reproduce:

1. Open the page/start the app
2. Click "See All Bots"

Expected Result:

Wins and losses that have accrued during consecutive game play should return to 0

Actual Result:

Wins and losses values remain.

Bug#3**Summary:**

Wins recorded as losses

Description:

Clicking the "See All bots" button has no effect. A request is made, but nothing returns.

Steps to Reproduce:

1. Play a game:
 - a. Click "Draw"
 - b. Click "Add to Duo" on a bot card
 - c. Click "Add to Duo" on a bot card
 - d. Click "Duel"
2. Repeat step #1 until the app prints "You Won"

Expected Result:

"Wins" counter increases by 1

Actual Result:

"Losses" counter increases by 1
